

Event Policy: Outdoor Events

Event Policy: Outdoor Events

Reservations Required

- All outdoor spaces on campus **MUST** be reserved by the CD/GSA
- Includes ICF amphitheater, upper quad, lower quad, athletic fields, etc.

Serving Food

- If your outdoor event includes food, it **MUST** be served under a tent
- Tents can be reserved by the CD/GSA when they reserve the space

Inclement Weather

- If you're planning an event outside, reserve a second space indoors incase of poor weather
- You must give notice to Campus Facilities if you are cancelling or moving your event indoors by the following times:
 - For morning events between 7:00am - 11:00am, notice by 4:00pm the day before the event
 - For afternoon events between 12:00pm - 3:00pm, notice by 9:00am the morning of the event.
 - For evening events between 4:00pm - 10:00pm, notice by 12:00pm day of the event
- Contact: Facilities management, facilities@stthomas.edu (<mailto:facilities@stthomas.edu>), (651) 962-6530

Outdoor Event Amplified Sound Policy

- Hosting an event or musical performance outdoors with amplified sound needs to be requested in 25Live at least 2 weeks in advance
- Must follow St. Thomas music policy and the City of St. Paul codes to ensure the sound doesn't interfere with the nearby activities and residences

These outdoor events will be permitted during the following locations and hours:

- Outdoor Locations:
 - Upper Quad / ICF Amphitheater

- Lower Quad
- John P. Monahan Plaza

- **Permitted Hours**

- Convocation Hours on Tuesdays and Thursdays from 11:45am - 1:15pm
- Fridays from 3:00pm - 7:00pm
- Saturdays from 10:00am - 7:00pm
- Sundays from 1:00pm - 7:00pm
- Any events that would occur outside of the listed time frames will need to be reviewed and approved by the Associate Director of Residence Life (Erica Thompson), who will then work with Public Safety and Campus Life. All events must be completed by 10:00pm
- The amplified sound at these events should not disrupt 65 dBA (decibels) or conversational speech occurring 50 feet away from its source.
