

A photograph of a modern university hallway. On the right wall is a large, vibrant mural featuring portraits of diverse students. Overlaid on the mural is the text "we see greatness in you" in a light, sans-serif font. Above the mural, a white sign hangs from the ceiling that reads "Center for Student Achievement". In the background, a person is standing near a set of double doors. In the foreground on the left, there is a curved desk with some items on it, including a bowl and some papers.
