In This Together: Agents of Justice

Theme: Advancing the Common Good

Core Values: Justice & Solidarity, Education for the Common Good

What It Means:

Justice and solidarity are central to Catholic social teaching. We are called to stand with those who are marginalized and to work toward systems that promote the flourishing of all. [Principle 4](#)

(https://stthomas.instructure.com/courses/84343/files/10566170/download?download_frd=1)  challenges us to confront inequality with compassion and action. Student leaders must learn to identify and respond to the ways in which our communities may fall short of these ideals.

Reflection & Discussion Prompts:

- How will you listen critically and pay attention carefully in your community to notice how identity might be impacting student experiences?
- When a resident tells you about or you yourself notice a barrier to accessibility in our community, in our physical buildings, or in our policies, your role is to share this information with your CD/GSA who will in turn notify the Associate Director and Director of Residence Life. By sharing this information, you are making sure the people who can address the concern are aware, opening the discussion about what to do.
