The SDIS Office is a resource

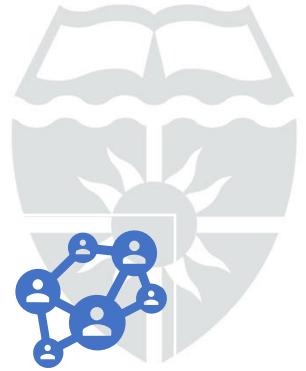

Consult with SDIS team on collaborations across student affairs and academic departments for cultural heritage month events.

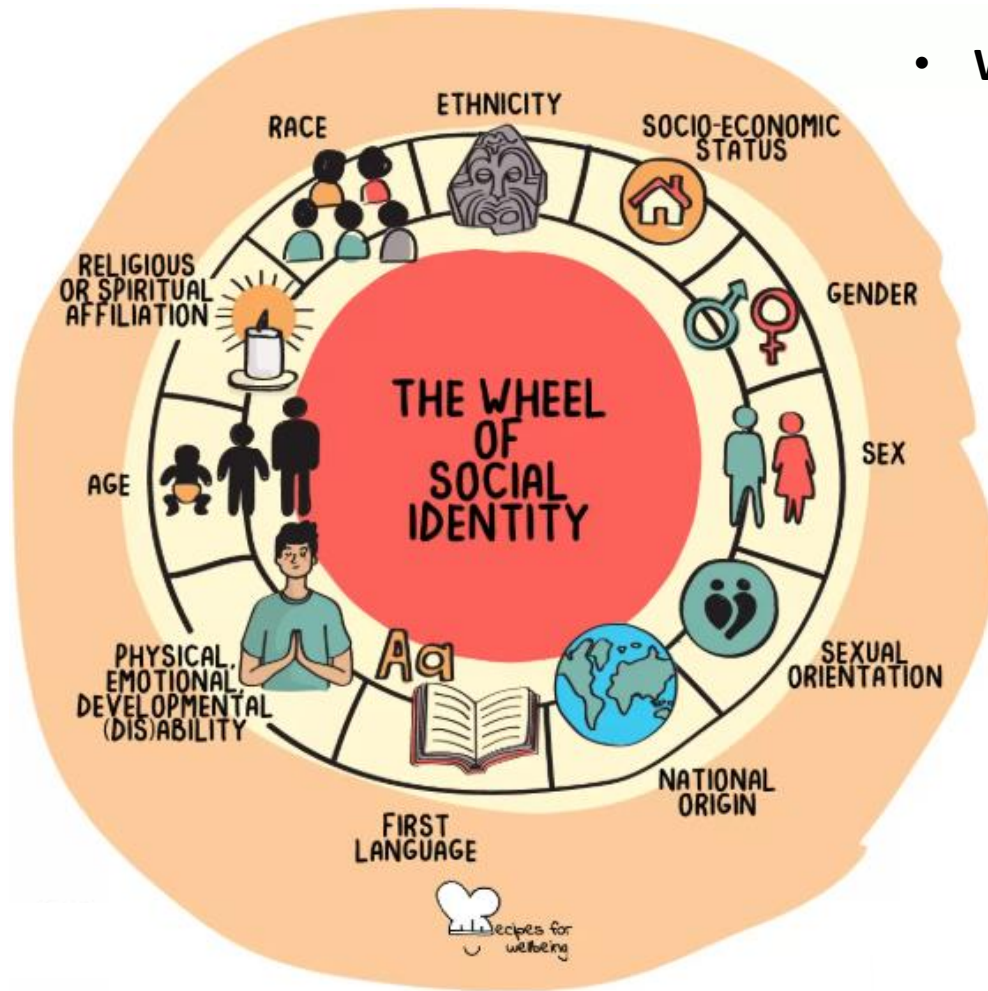

Professors can reach out when they would like to collaborate with our office.

Consult on intercultural competence, leadership conversations and conversations on inclusion or belonging with undergrad students in your residence hall, class, or LLC.

Undergrad students can contact our DAB interns to suggest a diversity, inclusion, or social justice topic for Purple couch, 21 Days of Social Justice, or Heritage month events

- **What does this all mean?**

- Dignity
- Salient Identities
